

**COMPACT
LAMINATE**

I320 X 4200mm
Collection —

A journey that started with creating unique & beautiful spaces. For over two decades, we have earned a name for our exceptional artistry, quality and passion for excellence. With thousands of decors and surface solutions spread across laminates, compacts, decorative veneers, engineered wooden floors and doors, our innovative designs have won acclaim in over 100 countries - making Greenlam one of the most preferred choice of architects and consumers across the globe. As a responsible brand, we ensure of a healthier and a safer world. From sourcing to manufacturing to recycling, we have many stringent measures in place.

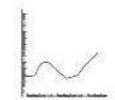

One Surface. Many Solutions. Presenting Greenlam Compact Laminates

A range of high-performing, self-supporting decorative panels. Packed with beauty, durability, hygiene, and functionality – it cover all bases. Specially designed for demanding surfaces, these laminates are antibacterial, antifungal and antiviral along with being scratch and fire-resistant. Thanks to their versatility nature, you can design cubicles, partitions, panels and whatnot! Their robustness not just makes them strong enough for horizontal and vertical applications, but also keeps them class-apart.

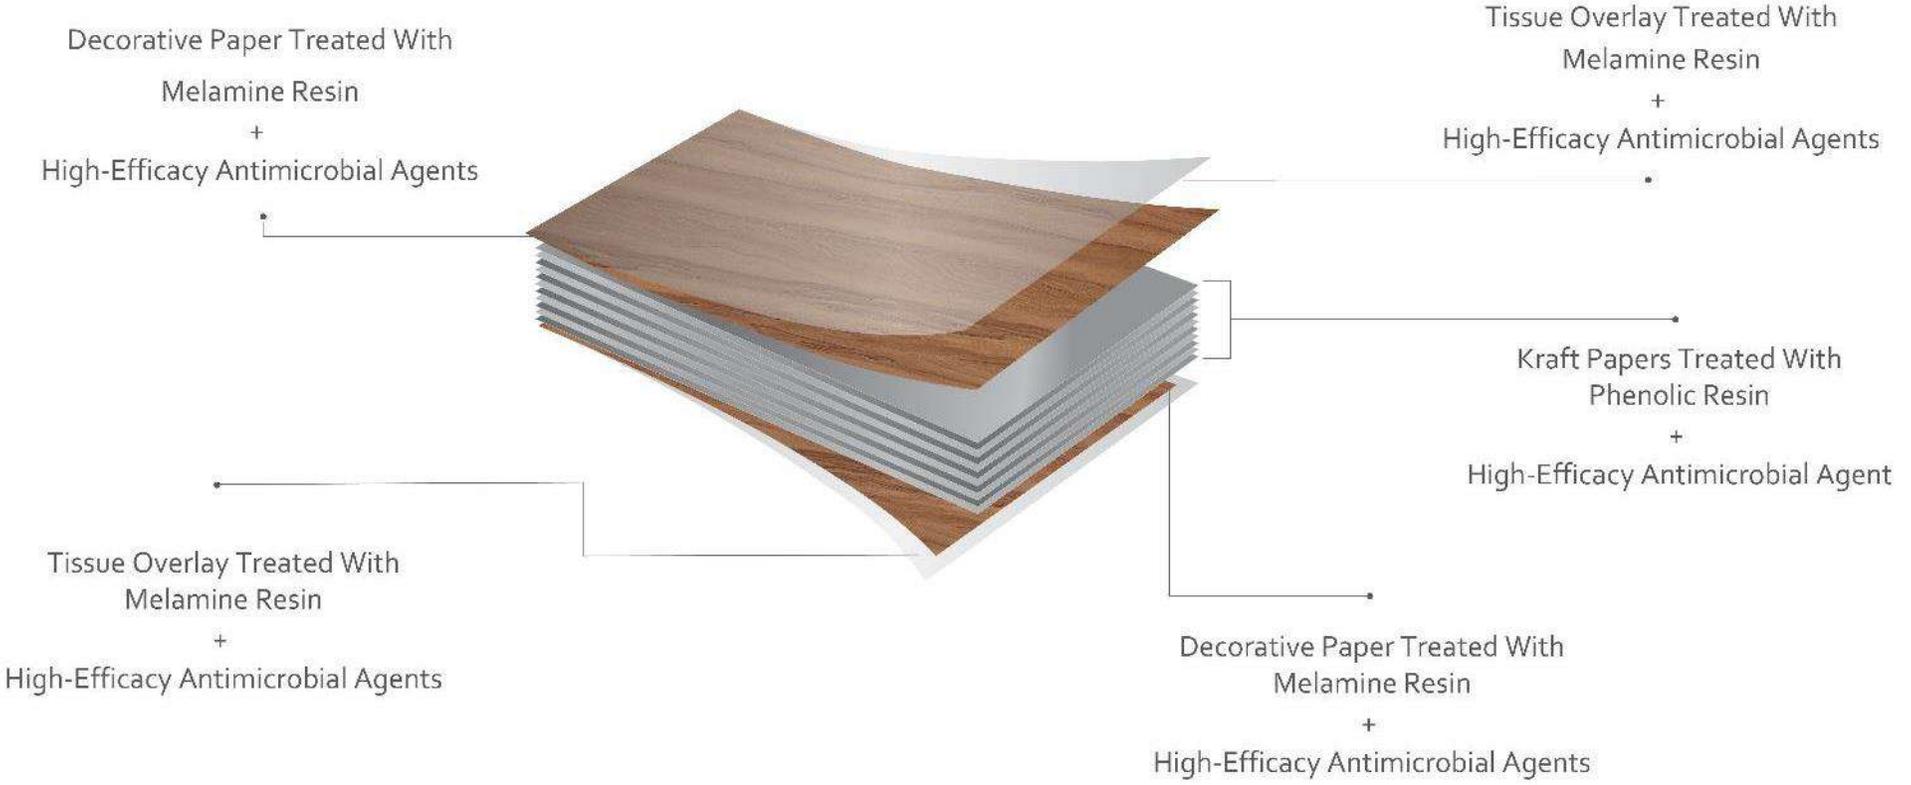

FEATURES

 <p>Anti-Bacterial & Anti-Virus*</p>	 <p>Hygienic</p>	 <p>Horizontal/Vertical Application</p>	<p>Reasons to use Greenlam Compact Laminates</p>	 <p>Low Emission</p>	 <p>Scuff Resistant</p>	 <p>Abrasion Resistant</p>	
 <p>Resistance to Fire***</p>	 <p>Wet-Heat Tested</p>	 <p>Dry-Heat Tested</p>		 <p>Great Dimensional Stability</p>	 <p>Excellent Self-Supporting Feature</p>	 <p>Scratch Resistant</p>	 <p>Resistance to Microbial Growth</p>

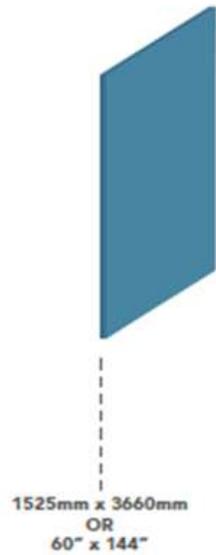

*As per the test report virus gets 99.99% retarded in 24 hours of contact.
 **As per the test report bacteria gets 99.99% retarded in 24 hours of contact.
 *** Fire retardant compact laminates available on request.
